OXFORD COLLECTION

A touch of rustic sophistication

“Upon walking into my oldest son’s bedroom I saw first hand what a souvenir bat in the hands of a mischievous little brother could do to kids bedroom furniture. It was from this devastation that we were inspired to create indestructible kids bedroom furniture that did not look like it was constructed of used shipping pallets.”

– Doug Devine, Hillsdale Kids and Teen

The Oxford Collection provides flexibility in design style and will transition with your child’s personality and tastes. This set has rustic, rugged appeal. Designers have used it in multiple settings including modern farm house, industrial, modern and athletic. Starting with solid Acacia hardwood, the Oxford Collection’s finish and enhanced durability are created through the Dura Blast finishing process. Designed with classic clean lines, the Oxford Collection brings warmth and longterm value to any space. Not only does it deliver the look, it is durable and will withstand the extremes of life in a boy’s room. As seen in our product demo video, we have all had fun playing the part of the younger brother, wielding a souvenir bat: <http://bit.ly/HKTOxfordVideo>

welcome to HILLSDALE KIDS & TEEN

Acquired by Hillsdale Furniture in 2015, NE Kids has been specializing in youth bedroom furniture for the past 10 years. For the past 15 years, Hillsdale has also been successfully making and selling youth bedroom furniture. Established in 2017 **Hillsdale Kids and Teen** will encompass both NE kids and Hillsdale youth furniture. The combination of brands into one creates a comprehensive line-up that spans a more diverse range of retail price points and customer logistical preferences.

Hillsdale Kids and Teen is focused on designing

comprehensive furniture collections for kids that create a fun environment, challenges the imagination and enhances creativity. Hillsdale Kids and Teen takes a lifestyle approach to youth furniture. Our products comprise a full array of children’s home furnishings. From desks, chairs, and bookshelves to beds, bunks, captain beds and loft systems; we are confident that we have a solution to fit your needs.

At Hillsdale Kids and Teen, we design big. We know that not every room is the same size and not every child or mother has the same vision. Our col-

lections are extensive offering multiple sleep, study, storage, and finish options.

As always, Hillsdale Kids and Teen puts safety first. All of our products are designed to meet the highest voluntary and mandatory standards set forth by the American Society for Testing and Material (ASTM) and Consumer Products Safety Commission (CPSC).

We invite you to join the Hillsdale Kids and teen family. We look forward to having you and your family as a satisfied customer for generations to come.

DETAILS of distinction

Handcrafted of solid Acacia wood

The Oxford Collection is made from solid Acacia wood. Prized for its spectacular grain and rich contrasting colors, Acacia is also an incredibly dense, slow growing hardwood. Combined with the 9 step **Dura Blast** finishing process, this collection is not only beautiful but can stand up to the most rigorous environments. In the Dura Blast process the wood is sandblasted, stripping away any weak growth, leaving behind a surface perfectly suited for kids furniture.

Dura Blast finish
 During the Dura Blast process the wood is sandblasted, stripping away any weak growth, leaving behind a surface perfectly suited for kids furniture.

Cocoa finish
Cocoa: The contrasting natural wood grains of the solid acacia wood and the rich finish make this furniture quick to adapt to any decor setting.

Hardware
 The Oxford collection features aged bronze solid iron inset drawer pulls.

Twin William Panel Bed

Full William Panel Bed with optional storage

The William Panel Bed unites clean lines and solid wood for this timeless, craftsman style. With a rustic finish, this bed offers 4 recessed panels in the headboard and 2 in the footboard. Recessed panels not only add to the design and aesthetic, but they speak to the quality and dimensional integrity of your furniture. We use 4 panels in the headboard because many times the detail and beauty of the panels is lost behind a row of pillows.

Hand crafted using SOLID Acacia.

Versatility:

Designers have used this collection in multiple settings, including modern farmhouse, industrial, rustic and athletic decor.

Low Profile Footboard:

Creates an open, welcoming feel in the room and a comfortable place to sit. Makes getting in and out of bed easier for a young child.

Internal Bracket and Bolt System:

This unique system provides a strong connection where the bed rails attach to both the headboard and the footboard without exposing unsightly bolt heads.

Slat Roll Foundation:

A plywood slat foundation makes this bed mattress ready by taking the place of a conventional foundation and providing a lifetime of dependable support for all mattresses and mattress systems. **FOUNDATION NOT REQUIRED.**

Advanced Center Support System:

A center support system is provided with all full size beds. This system is uniquely designed to support a full size mattress when using the optional trundle or storage unit.
