Project Identity

Natuzzi Editions

The Project Identity purpose is to offer a unique working method that guarantees chromatic and stylistic conformity and preserves the Brand's DNA.

This tool represents a guide that goes beyond the offer of a product, aiming at the creation of a real project from the stores to the customers' homes.

Scacco

Scacco sofa features modern lines and a minimalist design blending with a soft elegance that transforms every place into a space of pure harmony. Its clean, geometric shapes, the quilted seat inspired by the grid of the chessboard, recall the precision of a chess game where every move is designed to obtain the maximum result. The generous seats and the adjustable headrests let you find the ideal position for maximum relax, while the wooden open base adds a vintage elegance touch, as well as facilitating cleaning operations. Available in Top Grain leather and fabric with two finishing - Walnut and Wengè - for the base.

Moodboard earth tone

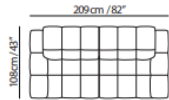

The Natuzzi Style Center carefully selects materials and coverings, putting them in dialogue with each other. In this case, the Denver leather in the Corn color was paired with the Itaca fabric in the Ocher color. The combination of these coverings together with the ceramic, will give rise to the moodboard that will create the final total look of the project. Each model in the collection is presented with multiple moodboards to adapt to homes all over the world.
